

PRAVEEN K / EMBEDDED DEVELOPER

Erode | praveenrio2022@gmail.com | 9994674834 | www.linkedin.com/in/praveen9524

Passionate Embedded Developer with a strong foundation in C, Embedded C, and hardware design. Seeking to leverage hands-on project experience in developing innovative solutions to drive technological advancements in embedded systems. Committed to delivering efficient, reliable, and scalable embedded software that meets industry standards.

SKILLS

Software: KEIL, PROTEUS, mplab

Microcontroller: 8051, PIC and ARM microcontroller

Communication protocol: SPI, I2C, UART

Programming languages: C, C++, Embedded C

Soft Skills: Public Speaking, Communication skills, Teamwork, Leadership

EXPERIENCE

EMBEDDED DEVELOPER — *Internship* 2024
PUMOTECH

During my internship at Pumotech as an Embedded Developer, I contributed to the design, development, and testing of embedded systems. I worked closely with senior engineers on real time projects, where I honed my skills in C programming, microcontroller interfacing, and debugging. My role involved writing efficient code for hardware-software integration and conducting thorough testing to ensure system reliability. This hands-on experience deepened my understanding of embedded systems and enhanced my ability to solve complex technical challenges in a fast-paced environment.

EDUCATION AND CERTIFICATIONS

Bachelor of Engineering in Electronics and Communication
Erode Sengunthar Engineering College, Erode 2020 to 2024

Higher Secondary Certification
MPD Government Higher Secondary School, Thingalur 2019 to 2020

Secondary School Leaving Certification
MPD Government Higher Secondary School, Thingalur 2017 to 2018
