

PON SARAVANAN R

CAREER OBJECTIVE

- Passionate and detail-oriented Embedded Systems Engineer with deep expertise in C programming and extensive experience with microcontrollers. Skilled in developing, testing, and optimizing embedded software. Seeking to apply technical expertise and drive innovation in a dynamic, forward-thinking organization.

EDUCATION

- **Karpagam Institute of Technology, Coimbatore.**
Bachelor of Engineering - Electronic And Communication Engineering (2020-2024).
CGPA - 7.69

CERTIFICATIONS

- ISTE Sponsored 10th International Conference on latest Trends in Science, Engineering and Technology (ICLTSET'24) organized by Karpagam Institute Technology, Coimbatore held on April 26, 2024.
- "ARDUINO with IoT" conducted by Department of Electrical and Electronics Engineering.
- Participated in Master Presenter and Pro Genius event in NETSE'22-2.0 at KPR Institute Of Engineering and Technology on 05.11.2022.
- NCRAE 2024 by SRM TRP Engineering College.

PROJECTS

- **Object Following Robot using Arduino.**
- Developed an object-following robot using Arduino, integrating ultrasonic sensors for object detection and motor drivers for precise movement control.
- **Mine Workers Health Monitoring System Using NodeMCU**
- Designed to enhance the safety of mine workers by continuously monitoring their health conditions and environmental parameters in the mine.
- **Smart System for Vehicle Noise and Pollution Monitoring(Mini Project).**
- Designed to detect and indicate the air quality and noise by using MSP430 microcontroller.

INPLANT TRAINING

- **Pumo Technovation India Private Limited, Coimbatore.**
Completed internship in embedded systems for a duration of six months.
- **Durga Tech Research and Development.**
Completed internship in Embedded Systems.
- **Aspire Technologies, Coimbatore.**
Trained for two weeks about the traffic light Controlling System.

ADDRESS

Palladam, Tamilnadu.

TECHNICAL SKILLS

- C / C++
- Embedded Systems
- Microcontrollers
 - > 8051
 - > PIC
 - > ARM
 - > STM-32
 - > Arduino UNO
- Communication Protocols
 - > UART, USART
 - > SPI
 - > I2C
- Softwares
 - > KEIL
 - > MPLAB
 - > PROTEUS
 - > Arduino 1.8.6

LANGUAGE KNOWN

- Tamil - Read and Write.
- English - Read and Write.
- Hindi(Basic) - Read and Write.

SOFT SKILLS

- Adaptability
- Teamwork
- Time Management
