PROFILE

Aspiring Python Full Stack Developer with skills in web development, eager to learn, innovate, and build efficient, user-friendly applications.

TECHNICAL SKILLS

Programming Languages & Frameworks: Python, Javascript ES6, SQL, Oracle SQL, Django, React JS, HTML5, CSS3, Github, RestAPI, GraphQL API, Bootstrap, LLM

PROJECTS

Freelance Project: The Pure Bliss App

- Integrated **Razorpay** for secure online transactions across a full-stack project with **React** frontend, **Node** middleware, **Django** backend, and **PostgreSQL**, ensuring seamless payment processing.
- Enhanced user experience with real-time payment feedback and robust error handling, improving transaction reliability and data security.

Freelance Project: Web Scraper Web Application

- Developed a Django-based web application with custom web scrapers using **BeautifulSoup** and **Scrapy** to automate data collection and analysis.
- Designed user-friendly visualizations and implemented efficient data storage, enhancing insights and usability for data-driven decision-making.

Ecommerce App: Shopify Cashback App

- Developed a Cashback App using **Remix**, JavaScript, and **Prisma**, enabling users to earn and track cashback rewards seamlessly within Shopify.
- Built a QR Code Scanner App with Remix and Prisma, allowing efficient product scanning and data retrieval for streamlined order management in Shopify.

Python Mini Projects

- Developed **20+ Python** mini projects covering diverse applications, including data analysis and automation, showcasing versatility in problem-solving.
- Enhanced coding proficiency by working with various Python libraries and tools, gaining hands-on experience in real-world applications.

Gen AI Projects

- Implemented AI-powered **OCR technology** to extract data from documents and convert it into JSON format for seamless data processing.
- Utilized **SpaCy** for **NLP** processing, enabling intelligent analysis of user prompts and generating structured JSON output efficiently.

EDUCATION

B.E Mechanical Engineering

Thanthai Periyar Government Institute of Technology

2019-2023

CGPA: 8.21

ADDITIONAL INFORMATION

Certifications:

- Complete Full Stack Web Development -Udemy
- Python for Data Science and Machine Learning - Udemy
- The Complete Oracle SQL Bootcamp 2023 - Udemy
- Diploma in Computer Application [DCA] - CSC
