Education:

Eshwar College of Engineering-Coimbatore	2021-2025
B.E.Electronics and Communication Engineering	CGPA: 7.5 (up to 7th sem)
RGM Higher Secondary School	2019-2021
Higher secondary certificate	83.5%
Oxford Higher Secondary School	2018-2019
Scondary School leaving certificate	86%

Internship:

RendSoft(software intern)	2024-2025
- Developed scalable microservices using ASP.NET Core and ABP Framework, optimizing system performance. - Designed and implemented RESTful APIs and integrated MongoDB for efficient data management. - Enhanced functionality by integrating third-party APIs, improving system scalability. - Collaborated with cross-functional teams and conducted testing to ensure high-quality, reliable code.	

Projects:

Home rental website :	2024
- Built a rental platform using the MERN stack with React.js, Express.js, and MongoDB. - Implemented JWT-based authentication and bcrypt-hashed passwords for secure user access. - Enabled property owners to manage listings via CRUD operations and users to book properties. - Designed a modern UI using Tailwind CSS, enhancing usability.	

TradeTrack Crypto:	2025
- Developed a crypto tracker and demo trading platform using ASP.NET Core, React, and SQL enabling users to monitor market trends and execute demo trades . - Integrated real-time market data APIs to provide live price updates and store historical data for 6 cryptocurrencies. - Implemented JWT-based authentication and role-based access control (RBAC) to ensure secure user access and transaction safety.	

Blogger:	2025
- Developed a blogging website Back-End using ASP.NET Core, SQL, and a microservices architecture, enabling users to create, edit, and manage blog posts. - Designed 3 services and utilized 2 databases for optimized performance and scalability. - Implemented JWT-based authentication to securely manage user roles and permissions.	

Technical Skills:

Languages Known	: C, Java, Javascript, C#
Web Technologies	: HTML, CSS, React js, ASP.Net core, ABP.io
Query Language	: SQL, Mongo DB
Tools Known	: VS Code, Gitlab, Postman, NoSQLbooster, visual studio 2022
Core Concepts	: DSA, OOPS
Web Architectures	: Monolithic , Microservices

Achievements:

- Solved 400+ problems on LeetCode Max rating: 1546, Global ranking: 166,009 - Solved 912 problems on SkillRack - Achieved a max rating of 1256 on CodeChef - Finalist at State-Level Hackathon Senguthar College of Engineering	
	2023

Certifications:

Basics of networking - Great learning	2024
CSS and Javascript crash course - Udemy	2023
Introduction to Bash shell scripting in (coursera prject network) -Coursera	2023
Java Programming Masterclass updated to Java 17 - Udemy	2023
Mastering Data structures and Algorithms using C - Udemy	2022
