SUMMARY

I am a detail-oriented Data Analyst with expertise in analyzing large datasets to generate actionable insights. Proficient in SQL, Python, and tools like Tableau and Power BI, excel in statistical analysis, data cleaning, and trend forecasting. My experience includes collaborating effectively with both technical and non-technical stakeholders to drive data-driven decisions.

EXPERIENCE

Senior Process Executive

Cognizant Technology Solutions India Pvt Ltd

📅 01/2017 - 12/2023
