GitHub: <https://github.com/giri17s>

Career Objective:

To leverage my analytical and technical skills to drive business growth and improvement as a data analyst, with a focus on data-driven decision making and process optimization. To apply my expertise in data analysis, visualization, and machine learning to drive business outcomes and continually develop my skills in emerging technologies and trends in data analytics.

Educational Qualification:

Course Name	Board/University	Institution Name	Year of Passing	Percentage /CGPA
B Tech	Anna University	Nehru Institute of Engineering and Technology	2025	7.3
12 th	State Board of Tamil Nadu	Sakthi Matric. Hr. Sec School	2021	85%
10 th	State Board of Tamil Nadu	Sakthi Matric. Hr. Sec School	2019	82%

Technical Skills:

Language : Python

Frameworks : Pandas, NumPy, Matplotlib

Tools : PowerBI, Tableau, IBM Cognos Analytics, Excel

Platforms : Jupiter Notebook, IBM Watson Studio

Project:

COVID case analysis:

- Analyze the efficacy, safety, and distribution of COVID-19 cases to inform public health policy and individual decision-making.
- The project will collect and analyze data on vaccination rates, breakthrough cases, hospitalizations, and deaths, with a focus on demographic disparities and comparative analysis of different cases.
- The project will produce a written report, data visualizations, and a presentation summarizing findings and recommendations for stakeholders, highlighting key insights and trends in COVID-19 cases.

ATM Machine Simulation:

- Designed and developed a software simulation of an Automated Teller Machine (ATM) that mimics real-world functionality, including account balance inquiry, cash withdrawal and deposit, PIN change, and transaction history.
- Programming skills, problem-solving, and attention to detail, with a user-friendly interface and secure PIN authentication, showcasing my ability to create interactive and functional software applications.

Internship:**Data Science Internship |Techvolt Software Pvt Ltd. June 2023 - July 2023**

- Analyzed and interpreted datasets to extract meaningful insights and trends, supporting data-driven decision-making processes during internship tenure.
 - Developed and maintained detailed dashboards and reports to visualize key metrics, contributing to the understanding of operational performance and supporting process improvements.
-

Workshop:**Data Analytics using PowerBI Workshop – [05/11/2023]**

Certifications:

- | | |
|--|------------------------|
| • Python for Data Science , AI & Development | Coursera |
| • Data Science | Techvolt Software |
| • Data Analytics process Automation Virtual Internship | Alteryx sparked-AICTE |
| • Python for Data Science | Cognitive Class in IBM |
| • Machine Learning | NPTEL (2024) |
-

Personal Details:

Date of Birth:11/08/2004

Father's Name: Selvadurai P

Address: 181, West Street, Gopalapuram, Virudhachalam (TK), Cuddalore (Dt) -606103

Declaration:

All information provided in this resume is accurate and truthful to the best of my knowledge.

Place:**Date:****(Giriprasath S)**
