Objective

I'm a hard working and motivated person who wants to use my skills to succeed. I'm looking for a challenging job where I can grow and help a team. I'm excited to learn and take on new responsibilities.

Education

Course / Degree	School / University	Grade / Score	Year
M.Sc Computer Science	Madurai Kamaraj University	75%	2023-2025
B.Sc Computer Science	Madurai Kamaraj University	78%	2020-2023
HSC	R.C Susai Higher Secondary School	56%	2019-2020

Skills

- Technical Skills: Programming Languages : Python, SQL, *Power BI*
- Databases : SQL, Oracle
- Development Tools : VS code, Anaconda -Jupyter, Spyder

Projects

- **Rainfall Prediction Model**
Developed a rainfall prediction system using real-time weather data using API. The model analyzes temperature, humidity, and atmospheric pressure to provide accurate rainfall forecasts. Implemented entirely using Python and API integration
- **Interior Design Management System**
Designed a website using HTML, CSS as frontend and SQL as backend where users can log in, choose or upload interior design models, and submit personal details to the admin. Collected feedback after project completion and stored all information in the database.

Activities And Certifications

- Won First and Second Prizes in Mime Competitions on "Women Empowerment" and "Social Media Issues"
- Participated in "Employability Skill Development Program" Conducted by Mahindra Pride Classroom
- Hosted the entire Inter and Intra-Collegiate Meet
- Completed Typewriting English – Junior and Senior Grade with First Class
- Completed Python certification through a Value-Added Course

Internship

- Attended 15-day Internship Programme on "Python for Data Analysis" at Ayya Nadar Janaki Ammal College

Declaration

- I hereby declare that the information provided in this resume is true to the best of my knowledge. *Surekan*
