PROFILE

Aspiring IT professional with a strong academic foundation in computer science, seeking an entry-level position to apply my knowledge in programming, problem-solving, and software development. Eager to contribute to innovative projects, collaborate with experienced teams, and grow continuously in a fast-paced technology-driven environment.

EDUCATION

Bachelor of Science in Information Technology 2022 - 2025
Sankara College of Science and Commerce
GPA: 7.7

Ramakrishnapuram Higher Secondary School 2021 - 2022
Higher Secondary
Marks: 83%

PROJECT

Task management Tracking web application JAN 2025 - MAR 2025

Designed and developed a full-stack task management platform for individuals, teams, and businesses to streamline task organization and project tracking.

- Frontend:** Built dynamic and responsive UI using React.js with components for Kanban boards, task filtering, and real-time status updates.
- Backend:** Developed RESTful APIs using Node.js and Express.js to handle user authentication, task CRUD operations, reminders, and analytics.
- Database:** Designed a normalized MySQL schema to efficiently store and retrieve task data, user info, tags, and priority settings.
- Implemented collaborative features, deadline notifications, and productivity analytics to enhance user engagement and efficiency.

Technologies Used: React.js, Node.js (Express.js), MySQL

ACHIEVEMENTS

Best NSS Volunteer Award (2024) – Recognized by Sankara College Management for outstanding community service and leadership.

Third Prize, Poster Presentation – Secured 3rd place for a poster on the “Application of Statistics in Various Fields,” demonstrating strong analytical and presentation skills.
