Education

PSGR KRISHNAMMAL COLLEGE FOR WOMEN

2022 – 2025

BSc Degree in Information Technology

ST.JOSEPH'S CONVENT COONOR

2020 – 2025

HSC - SSLC

Experience

ELGI EQUIPMENTS LMT.

TECH STACK:HTML,CSS,JS

- Designed and built a **responsive web app** for real-time compressor fault diagnosis and troubleshooting.
- Developed an **interactive UI** that guides field engineers with step-by-step repair workflows, reducing guesswork.
- Integrated smart fault detection to **minimize equipment downtime** and enhance operational continuity.
- Automated key processes to **eliminate manual errors**, improving service accuracy and technician productivity.
- Ensured **cross-browser compatibility** and responsive design for consistent performance on all devices.
- Focused on **user-centric design** to support on-field engineers with intuitive, easy-to-use navigation.

Projects

MOBILE SHOP MANAGEMENT SYSTEM

TECH STACK:DBMS,MySQL

- Developed a **full stack web system** to streamline end-to-end mobile store operations.
- Automated **customer management, inventory tracking ,sales processing** for seamless workflow.
- Integrated a **searchable product catalog** with real-time updates and secure billing features.
- Created a **responsible dashboard** for easy monitoring and faster decision-making.
- Improved operational speed and accuracy through **real-time data handling** and process automation.
- Focused on **user-friendly design** to ensure smooth navigation for store staff and admins.

ONLINE CRIME REPORTING SYSTEM

TECH STACK:FULL STACK,XAMPP

- Developed a **secure localhost web application** for crime reporting complaint management.
- Implemented **user authentication** and role-based access to protect sensitive case data.
- Enables **real-time status tracking** and automated complaint updates for improved efficiency
- Designed **intuitive input forms and admin dashboards** to reduce manual paperwork
- Completed **end-to-end development** ,from database structuring to front-end integration

Technical Skills

- **Languages:** HTML,CSS,JS,FULL STACK(Pursuring)
- **Frontend:** React.js, TailwindCSS, HTML, CSS,
- **Databases:** MySQL, MongoDB
- **Developer Tools:** VS Code, GitHub

Algorithmic Competitions/Achievements

- **NPTL:** SOFT SKILLS
- **COURSERA:**
- **MONGODB**
- **AUTOMATION ANYWHERE -RPA**
- **NASSCOM -Acquiring Data.**

Extra-curricular Activities

- Passionate about **drawing** and have contributed creative designs in team-based projects
- Enjoy playing the **piano and trumpet**, enhancing focus and creativity.
- Interested in **long jump and table tennis**, reflecting energy, discipline, and determination.
