SUMMARY

I am a motivated and enthusiastic fresher with a strong interest in frontend development and software testing. I have a good understanding of basic development and testing concepts and enjoy solving problems through logical thinking. With a willingness to learn and adapt, I am looking forward to starting my career in a dynamic and growth-oriented environment.

EDUCATION

Hindusthan College of Arts and Science

B SC Computer Science with Cognitive Systems

CGPA - 8.25

Thiyagi N.G Ramaswamy Memorial Higher Secondary School

12th - 85%

10th - 86%

PROJECT

Obstacle Avoidance Rover

- Developed an autonomous obstacle avoidance rover using ESP32, ultrasonic sensor, and motor driver. Programmed real-time distance sensing and navigation logic for dynamic path adjustment.

SKILLS

- Python
- HTML
- CSS
- Cloud Computing

TOOLS

- Excel
- Selenium

PUBLICATION

Innovation of Cognitive Systems

- Published an abstract titled "Autonomous Vehicles" in the book Innovation in Cognitive Systems (2024), highlighting AI and cognitive approaches in autonomous navigation.

CERTIFICATIONS

- Java Programming From NOVITECH Company
- DevOps, Cloud Computing & Software Testing From GV INFOTECCH

ADDITIONAL INFORMATION

- **Languages:** English, Tamil
- **Achievements:**
 - Marketing Competition Winner
 - Volunteered in the organization and coordination of an inter-college events.
