SUMMARY

I'm a final-year Computer Science Engineering student at Sri Krishna College of Engineering and Technology with a CGPA of 8.3. I have practical experience in full-stack development and cloud computing, and have built and deployed two fully working websites using React JS, Spring Boot, SwaggerUi, PostgreSQL, MySQL, and AWS (EC2, S3, Lambda, Docker, CloudFront, CloudPipeline, VPN, IAM, DynamoDB).

TECHNICAL SKILLS

JAVA	MySQL	JavaScript
Python	CSS	AWS

PROFESSIONAL EXPERIENCE

AdvisorHub:

- AdvisorHub project is expansive, encompassing a wide array of features and functionalities designed to create a comprehensive platform for advice and expertise exchange.
- This project aims to connect individuals and businesses seeking guidance with experienced advisors across various industries.
- It includes user registration, profile customization, robust search ,filtering system, efficient consultation booking, advanced messaging ,communication tools and secure document sharing.

Agricultural Funds:

- This web-based system supports two key user roles: customers applying for loans and administrators managing applications. Customers can easily fill out loan forms and upload required documents like Aadhaar, PAN, pay slips, and bank statements. The system ensures a smooth, user-friendly experience while collecting valuable feedback. Administrators benefit from a clear dashboard to review applications, verify documents, and make informed loan approval decisions

Asana Detection using Deep Learning :

- An AI-powered yoga posture analysis system using MediaPipe and Inception V3 for real-time pose detection, posture alignment feedback, and pose correction. Developed in Python, it enables non-invasive, personalized coaching without wearable sensors.

Console Project :

- Using the all OOPS concepts in java language,the Ticket Reservation System was implemented in a optimized way.

Cloud Computing :

- A complete hands on experience on complete cloud computing using the AWS platform.
- Which includes the Docker imaging ,container, networking,IAM,Security services .

EDUCATION

The Camford International School : (2020)

- Grade 12 : 81%

VSV School : (2018)

- Grade 10 : 80%

Sri Krishna College of Engineering andTechnology : (2025)

- CGPA : 8.3

ADDITIONAL INFORMATION

- **Languages:** English, Tamil, Hindi (basic).
- **Certifications:** AWS Academy certificate, SDLC, JAVA CodeChef.
