Projects

1.Online Food Ordering System

Key Skills: Front End-PHP & Back End-MySQL

Developed a responsive food ordering system with user and manager login, user-friendly interface, and efficient order tracking via phpMyAdmin.

2.Voting Counter App

Key Skills: React.js, JavaScript, HTML, CSS

Developed an interactive voting counter application using React.js and useState hooks. The app allows users to increment, decrement, and reset vote counts dynamically for multiple participants.

Internship

EverTrend Fashion

Developed a responsive e-commerce front-end website using HTML, CSS, and JS featuring product selection, cart management, and secure payment validation during a 2-week online internship at Soft Tech Ashram.

Technical Skills

Web Technologies: HTML, CSS, JavaScript, PHP

Programming Languages: C++, Python

Databases: MySQL Version

Control: GitHub

Core Concepts: OOPs

Tools: Microsoft Word, Excel, Power Point
